PAPERPAL
Helping academics achieve **twice the writing in half the time**

语言编辑功能很好用，能轻松识别语法问题并为错误归类，让修改有所依据。改写功能有一定降重效果。作为青椒我很受用，已经推荐给还在写第一篇SCI的学生们了。

叶老师

北京协和医学院 药物研究所

我是因导师推荐才知道Paperpal的，他在审我的博士研究计划时建议我用这个工具改二稿。使用过程中，我对Paperpal强大的语法校正功能印象很深。除了让表达更地道，Paperpal还能就文章的专业内容给我改进建议。这份研究计划最终帮我拿下了QS排名前五十学校的全奖博士offer。感谢Paperpal！

陈智睿

硕士研究生在读, 中国社会科学院大学

Paperpal对提高非母语作者的论文水平和投稿成功率都能起到非常大的作用，至少我现在的SCI文章用Paperpal润色、自己修改后能达到杂志社的语言要求。同一篇文章，我对比过美国博士后导师的修改意见，和Paperpal提的建议基本一致。以我目前的科研文献润色和修改需求来讲，Paperpal是完全可以胜任的。

Let's dive in!

Using AI Responsibly

Paperpal

#1

Check university and journal policy guidelines on AI tools and disclose AI use.

See where you can use it (edit, write, figures...) and for what (original paper vs peer review)

Most academic publishers agree that AI software cannot be listed as an author.

Look for disclosure guidelines and templates

Paperpal

#2

Don't use AI as a replacement for critical-thinking tasks like resear[ch] gap identification, hypothesis generation, etc.

#3

Use AI to enhance your **process of doing research**

Use AI to find relevant literature, summarize articles, extract themes

Always scan through and read the full-text.

Don't blindly add citations

Rachel Miles

Paperpal

#4

Act as the expert when writing, AI is the assistant that makes you more productive. It's one additional member on your team

Use AI to **enhance creativity**, ideate and solve for **writer's block.**

Use AI-generated text as a **starting point**. Discard the unnecessary bits and refine the rest to meaningfully fit your voice and your work.

Use AI to **self-review**, catch oversights, and **automate tedious/ repetitive tasks.**

Paperpal

#5

Use **reliable software** to check for inadvertent **plagiarism**

#6

Don't get alarmed with AI detection. Talk to your supervisor or editor

and show evidence of writing history

#7

Finally, **don't** let any misgivings about AI tools lead you **lose out on the many advantages**

Thank you for your time.
